

Underground Mine Geologist

- **GREAT OPPORTUNITY**
- **BROADEN YOUR SKILLS**

CBH Resources Endeavor mine located in Cobar NSW currently has a vacancy for an Underground Mine Geologist with up to 3 years experience - graduates are also encouraged to apply. The position reports directly to the Geology Manager and will involve the following duties:

- Daily monitoring of stope mining and development activities
- Underground face mapping and stope grade estimations
- Supervision of underground diamond drill rigs
- Logging of diamond core from both infill and extensional drill programs
- Drillhole database administration

In addition to the above duties there will also be the opportunity to assist with regional exploration programs including target generation and supervision of field activities.

The role provides a great opportunity to broaden your skill base whilst working in a small focussed geological team. Previous exposure to mining software packages is desirable but not essential as training will be provided.

- The successful applicant would be based in the township of Cobar located at the crossroads of two major highways of NSW
- The Cobar Shire is home to more than 8,000 people, the majority of whom live in the town of Cobar
- Cobar boasts all the major amenities you would expect to find in a busy town such as schools, hospital, library, restaurants and accommodation
- Cobar's history is based on mining and pastoral heritage
- The town's CBD has a mixture of old and new buildings, which chronicle Cobar's course through the last 130 years of history
